RECORD OF DISCUSSION

1 WELCOME AND AGENDA

- Attendees and apologies
- Introduction of observers and visitors
- Minutes of previous meeting
- SUEZ updates on landfill
- Orica waste
- Category C Cover trial
- Layback construction
- Soil Process Facility (SPF) commissioning
- EPA announcements

2 SUEZ UPDATES ON LANDFILL

- November – December have been the busiest of 2018 with Orica deliveries continuing. Stabilised contaminated soil, goes straight to landfill.
- Side wall protection layer - EPA made arrangements to approve independent audits to fast track process. Previously it was taking

four weeks with the EPA and in this time weather conditions can impact the layer

- Historically it is understood by members of the CRG that a spray has been used to cover soil. EPA and Site Manage will follow up this enquiry
- Melbourne Water needs to move thousands of cubic metres of metals and organics. Projected to comes to Taylors Road

3 CATEGORY C COVER TRIAL

- Category C cover trial has been resubmitted to the EPA
- SPF will allow will create consistent stream of cover
- Dust protection will be monitored ongoing

4 LAYBACK CONSTRUCTION

- Last stage of 12 C
- Projected to finish end of March / start of April
- The zones will be tied together
- Appropriate PPE will be worn

5 SOIL PROCESSING FACILITY COMISSIONING

- Has been a challenging process with multiple faults found
- Running clean soil during testing

6 EPA

- The CRG appreciate EPA's ongoing attendance and want to hear a range of topics
- If there is any immediate reporting please use EPA report line 1300 372 842
- Discussion of new terms in the amended act, focusing on priority waste
- Discussion over ruling authority for waste in transit
- Discussion over who is responsible for testing clay. Amendment should help create a level playing field.

MEETING CLOSED 7:15pm

ACTION TRACKER

Item	Description	Action	Due
1	Check Environmental Management Plan for spray cover requirement on Cat C cover	WM	Next meeting 17.4.19
