3	<b>SUEZ Update – TRL (AC)</b>		

Item	Issue	Action	By
	<p>1053 tonnes received last month which is well down on expectations. Only receiving @ 30 tonnes per day. 727 tonnes received in July.</p> <p>Discussion around SUEZ TRL being the sole Victorian accredited site for Cat B, some PIW that should come to TRL is being freighted interstate.</p> <p>Further discussion on this subject around the Lara situation and Footscray fire, illegal stockpiling.</p> <p>MB – Maybe a letter should be sent to owners of land/building raising awareness around NOTY leasing to people for inappropriate use?          TO – There is a health argument around these stockpiles also.          MB – Are the EPA reactive or proactive?</p>		
4	<p><b>SPF Discussion – SUEZ / Ventia</b></p> <p>WM provided update. The plan is:          Train staff 8th October for a week          Run clean soil 15<sup>th</sup> October for a week          Begin running contaminated soil 22<sup>nd</sup> Oct</p> <p>Water we are tapping in 26/9, this is required for occupancy.          Gas connection is imminent. Wee will finalise the gas contract today.          Works to connect storm water to the leachate ponds is happening at present.          We are bump testing now. All control systems have been tested.          RB – What is the max volo of the SPF          WM – the plan is expected to produce 60k tonne per year however we don't have a licence yet. Note 60k toone is not the upper limit.</p>		
5	<p><b>Other Business</b></p> <p>a. Community Outreach          No hotline or EPA reports.          No media reports about SUEZ.</p> <p>b. Member Roundtable</p> <ul style="list-style-type: none"> <li>• Discussion around Melbourne Water CALM.</li> <li>• MB – Asked about the work that Sean Murray did and what Suez was doing with it.</li> <li>• AC – responded that it was on hold until next year. Given there was no engagement officer we are resource constrained at present.</li> </ul>
